FREEDOM TO CREATE

Dear Lars

Thanks for your note and the great pictures. we really enjoyed looking at them and applaud you for your striving for freedom and integrity for all.

You're a little late to enter in this year's Prize I'm afraid – as we have already announced this year's commended artists (see <http://www.freedomtcreate.com/prize-2011-entries>)

But we'd love for you to join us in Cape Town and I'd like to extend an invitation for a pair of complimentary tickets for you for our Prize Ceremony and event on Saturday 19 November at Kirstenbosch Gardens. Let me know if you'd like to take us up on the offer and I'll let you know how to get hold of the tickets.

Thanks again for sending through your really powerful work

Best Regards

Kate

'short walk to freedom' a public performance by Lars Fishedick, 6th October 2011

Dear Ladies and Gentlemen,

I am an artist myself...and would like to enter the attached performance into the 'Freedom to Create' channel

Long has it been that South Africa has denied access to one of the most peaceful persons within the Universe(All). Since I heard that SA has denied access to HH *again* I feel 'out of integrity' with myself and this beautiful country. I have arrived here 9 years ago and committed myself to be part of this beautiful community...until now. I wanted to inform you that I got 'back into integrity' with myself and this wonderful country South Africa! I said on Tuesday 4th that I will find something 'small' (as a make-up piece) which I did (pics included)...and performed this morning 6th October 2011. One can call it my first 'public' performance :)...there will be more.

Everything else which is important in this matter is included within the article from the Cape Times 5th October 2011 pinned on my back and front.

Thank you!

Best regards,

Lars Fishedick, St. James/Kalk Bay, Cape Town, South Africa
